Near Glasgow, Lucille Church, 16, was burned to death while starting fire with oil in a kitchen stove. The can exploded, covering the victim with oil. Mrs. Grover, her sister, was also fatally burned.

Another large congregation heard President Crossfield and Prof. Sturgis at the Christian Church last night. The subject of the discourse was "Side Doors to Heaven," treated in a very attractive manner by Mr. Crossfield. There were four additions last evening. Subject for tonight's sermon, "Mother, Home, Heaven." Sunday-school lecture in the Sunday-school room of the Church at 6 o'clock.

VETERAN RAILROADER DIES

Maurice H. Hills, aged 75, one of the oldest engineers in the employ of the Chesapeake and Ohio Railroad, died Sunday, after a lingering illness, at the home of his son in Covington. Mr. Hills was in the employ of the C. and O. for nearly a half century, and during that time has been in several wrecks in which he was badly hurt.

The Board of Education met in regular monthly session last night and after transacting regular routine business, allowing bills and salaries for teachers and janitors, the Board adjourned to Market street to witness the fire demonstration.

9,178 Hogsheads Sold

The District Board of the Burley Tobacco Society held a short executive session Monday afternoon at Lexington. The sessions were occupied with matters pertaining to handling and marketing the 1909 pooled tobacco.

By motion, all County Chairmen were directed to see to the delivery of the remainder of 1909 tobacco in the growers' hands as soon as possible. It was reported that thus far 9,178 hogsheads of tobacco have been sold.

REGISTRATION

The following is a summary of the first day's supplemental registration—

Democrats.....	58
Republicans.....	35
Independent.....	8
Total.....	101

Today and tomorrow are the last days in which you can register, and those sick or out of the city on regular registration day can secure their certificate by calling at the County Clerk's office.

NEXT TUESDAY'S ELECTIONS

The New York Republican Campaign Committee, in a circular to voters, calls attention to the coming election as "the most important off-year election in a decade." The contest is of National rather than local importance, it is declared, because of the fact that the complexion of both Houses of Congress is in the balance. Practically the whole of the House of Representatives is to be selected, while the results of the vote for State Legislators will indicate the division of the parties in the Senate. Thirty Senators will complete their terms next March 31, 24 Republicans and 6 Democrats. Full State tickets, including Governors, are to be chosen in 28 States. The Prohibition party has candidates on the ballots in 25 States, while the Socialists are in the field in 34 States. Woman suffrage will be considered in four States.

Mr. and Mrs. Homer Ellis entertained Monday evening with cards. The spacious rooms were gaily decorated with grotesque pumpkin lanterns, every detail carrying out the Halloween idea. The affair was given for Mrs. Ellis' charming sisters, the Misses Caden of Augusta. A delicious three-course luncheon was served, which brought to a climax an evening of real pleasure.

Today's
Short Sermon

If you wish to cultivate a gossiping, meddling, censorious spirit in your children, be sure, when they come home from Church, a visit or any place to which you do not accompany them, to ply them with questions concerning what everybody wore, how everybody looked, and what everybody said and did; and if you find anything in all this to censure always do it in their hearing. You may rest assured if you pursue a course of this kind, they will not return to you unladen with intelligence; and, rather than it should be uninteresting, they will by degrees learn to embellish in such a manner as shall not fail to call forth remarks and expressions of wonder from you. You will by this course render a spirit of curiosity—which is early visible in children and which, if rightly directed, may be made the instrument of enriching and enlarging their minds—a vehicle of mischief which shall serve only to narrow them.

Free Liver
Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others. Those, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results, is pleasant to take and does not gripe. It is especially good for all those who cannot stand a violent purgative. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. R. Caldwell, R. 507 Caldwell building, Monticello, Ill.

NOVEMBER

Still November, like a Quaker
In her garb of silver gray,
Glides along the silent reaches
Shadow-like as dawn of day.
Gay chrysanthemums she carries
From the garden lands abroad,
And the bracing air is laden
With the spice of their perfume.

She is full of tender fancies,
As she wanders here and there;
Standing underneath the branches
That are shadowy and bare,
And we feel a silent something
In our heart of hearts increase,
And think the definition
Of its meaning might be—peace.

FT. THOMAS TROOPS AT PANAMA

The Second Infantry, stationed at Ft. Thomas, has been ordered to Panama to police the Canal Zone. It is understood that the troops will replace the 2,000 civilian policemen now guarding the zone, with a view of a more economical administration of affairs there. It has been estimated that the guarding of the canal with troops will mean a saving to the Government of approximately \$300,000 annually. A GRAND DISPLAY

The demonstration by the Fire Department last evening at 8:30 in Market street drew a multitude of people, and it is safe to say that there was not a dissatisfied person in the thousands who witnessed the performance of the firemen in their quick run and rapid work in subduing the big blaze they so easily conquered.

When the alarm was sent in the huge pile of drygoods boxes, saturated with thirty gallons of coal oil, was sending forth a blaze that reached a height of fifty feet, and in less than five minutes after the alarm had been sent in the machine was on the ground and the fire a smoldering ruin.

The performance was a grand success throughout. The manner in which Chief Hite tackled the fire and the admirable support of the men was exceedingly gratifying to the on-lookers.

The fire was all down the hose at the fire plug was used to extinguish the remaining embers.

A call was sent in from District No. 1, and the fire was quickly disposed of. The Fire Department is O. K.

HALLOWE'EN

The events of last night were tame in comparison with doings some of our older citizens were wont to pull off in the good old days gone by. With a few exceptions there was no general wanton destruction of property or jeopardizing of human life or limb. The removal of steps, gates, signs and the marking of windows with soap was the extent of the boyish pranks.

Little and big spooks dressed in white gowns and grotesquely masked, paraded the streets in considerable numbers and furnished amusement for the thousands of sight-seers out for a good time.

Taken as a whole the boys and girls behaved with very creditable discretion.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.

Handkerchief Goodness

Haven't offered such handkerchief values for a long time. Fine Irish linen beautifully hemstitched with one corner exquisitely embroidered—not with a single flower but with a graceful spray that fills a corner of most generous proportions. Rare values for 25c.

The Old Reliable

Is a name that fitly describes Skinner's satin. The shades are very pretty and the wearing quality is so widely recognized it need not be dwelt upon. Many women use this sturdy satin not only for linings but for petticoats as it will outwear taffeta many times. One yard wide, one dollar a yard.

Redfern Corsets

Why are Redfern Corsets so much more comfortable than others? is a question frequently asked. The answer is, "Whalebone." No substitutes used for economy's sake have the lightness, elasticity, pliability and springiness that make whalebone the ideal corset boning. Be fitted to a Redfern, wear it according to directions and see how comfortable you are, how your figure is improved, what an air of distinction is given your gown. Prices \$4, \$5, \$6—and they are cheaper than corsets that cost a fourth less because Redfern means comfort, style and long wear.

The "Unusual" in Silk Waists

Taffeta and Messaline in black, navy and brown, with just enough trimming or hand embroidery to give them style. They are beautiful and unusual waists for \$6.90. Some black China silk tucked waists at \$2.98 may also be included in the unusual category, as they are certainly remarkable values.

THANKS!

We wish to extend our heartiest thanks to our many friends who responded to our advertisement to make October Red Letter Day a record breaker. We wish to state that SATURDAY WAS THE LARGEST DAY WE HAVE HAD SINCE IN BUSINESS, both in our drygoods department and in our shoe room. We believe every one was waited on promptly, but if any one was slighted in the rush we beg your indulgence. We anticipate a very good November and have prepared some special attractions.

FORMER GOVERNOR TAYLOR

Will Return to Kentucky For First Time Since Goebel Assassination

MORGANTOWN, KY., October 30th—A telegram was received today from former Governor W. S. Taylor, now of Indianapolis, saying that he would attend the speaking of Senator W. O. Bradley at Morgantown next Saturday, November 5th.

This is the former home of Governor Taylor, and this will be his first visit to Kentucky since the assassination of Goebel in 1900.

We think it may safely be predicted that there will be no revision of the Tariff by reciprocity treaty.

UNDER A Protective Tariff the cement industry in this country has grown from two and three-quarter million barrels per annum in 1897 to forty-nine million barrels, while the average price has declined from \$1.61 to 90 cents per barrel.

"A PENNY of United States mintage invested at compound interest on the day Christ was crucified and permitted to stay in a Bank at compound interest, would be worth today the value of a thousand million lumps of gold each the size of the earth." TERRIBLE STRAIN RESULTED NOT AMISS

A Lenoir Lady, After Two Weeks Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women. It will surely help you, as it has helped thousands of others, in the past 50 years.

MAY PROVE FATAL.

When will Maysville People Learn the Importance of It?

Backache is only a simple thing at first. But when you know 'tis from the kidneys; That serious kidney troubles follow; That diabetes, Bright's disease may be the fatal end.

You will gladly profit by the following experience. 'Tis the honest statement of a sufferer who was cured.

Thomas Russek, East Second street, Vanceburg, Ky., says: "I suffered from kidney trouble and inflammation of the bladder for over ten years, some of the attacks being so severe that I really thought I would die. A complete retention of the kidney secretions existed and I called a doctor who drew the secretions from me with an instrument. None but those who have gone through this can imagine the suffering I endured. Some time ago I saw Doan's Kidney Pills advertised and I procured a box. Since using them I have had not had any trouble from my kidneys."

Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Gas Light Talks—No. 44.

"Education."

Mayor Lee asks: Do you deem it a higher brand of integrity to use the Gas company's earnings to "educate the public" than to pay dividends to the widows and orphans holding stock in your company?

Under the circumstances, we certainly do.

At various times, and especially during Mayor Lee's administration, there has been a campaign of misrepresentation and even vilification of this company's affairs, objects and directors.

This has been wholly gratuitous and has been actuated almost entirely by personal motives, although, as we have stated in previous Talks, it has had for a partial object the making of political capital—not for party purposes, but for the furtherance of the selfish ends of various members of this and previous administrations.

Never, in its entire existence, has this company, as a corporation, taken the slightest part in politics and it does not intend to do so at this late day.

The attacks that have been made upon it—ignorant though they were—have, as we have said before, injured its credit and, to an extent, retarded its development and, in consequence, the development of the city along public service lines.

Therefore, as a means of protection to all stockholders, including the "widows and orphans" to whom Mayor Lee so feelingly refers, it was deemed necessary and expedient to "educate" the public, or, rather, to furnish the public with correct information, to the end that the public should understand this company's actions, its aims, what it has done for the advancement of Maysville, despite administration opposition and misrepresentation and, finally, the reasons for such misrepresentation.

We feel that, up to date, we have accomplished our purpose.

The Mayor's next question—the ninth on the list—is: How can you consistently reduce the price of current 33½ per cent. to private consumers and refuse any reduction to your largest consumer, the City of Maysville?

We have not refused any reduction to the City of Maysville. As a matter of fact, we have not given a thought to the matter of a reduction in the city's rate.

There are a number of very good reasons for this and we shall be glad to go into the subject in tomorrow's Talk. There is not room here.

One reason, however, is that we have a contract with the city which still has about three years, more or less, to run.

And this company has always held its contracts to be binding.
